FIG. 9

[illegible]

The image shows a dark, almost black, rectangular surface with a grainy, textured appearance. There are numerous small, light-colored specks and spots scattered across the entire area, suggesting dust, wear, or a specific material texture. The lighting is slightly uneven, with a subtle gradient from top to bottom, and the edges appear slightly more defined than the center. The overall impression is that of a dark, possibly leather or cloth-bound book cover or a piece of aged, dark paper.
